LINEAGE:

Orange Zkittles x Strawberry Guava
Hybrid

TERPENES:

Myrcene, Limonene, β -Caryophyllene

FLAVOR & AROMA:

Creamy, floral, and sweet with berry and citrus notes

DESCRIPTION:

From Bloom Seed Co., this candy-sweet fruit explosion blends Orange Zkittles and Strawberry Guava and tastes every bit as delicious as it sounds. Elements of citrus, smooth floral berry, and the Zkittles' signature sweetness make this a true palate-pleaser for those who chase flavor.

Our #12 phenotype shows off more of the Strawberry side of its lineage, with a softer, more floral scent than the #2 thanks to its higher linalool content and a slightly chunkier, more triangular appearance. Similarly, the effect may be more on the relaxing side, suitable for early evening when the mind still needs to be active but the body can start to wind down.
