## LINEAGE:

Do-si-dos x Triangle Kush BX2

*Indica-dominant*

## TERPENES:

Limonene, Myrcene,  $\beta$ -Caryophyllene

## FLAVOR & AROMA:

Rich gas blended with chocolate and earth

## DESCRIPTION:

A Seed Junky creation, Dosipop gives the already-great Do-si-dos an added boost of gassy OG influence thanks to the all-time classic, Triangle Kush. The pagoda-shaped flowers are incredibly dense and purple, taking more after the Dosi in appearance than the TK. This one offers a near-perfect blend of OG and Cookies type aromas, a wonderful choice for gas-seekers.

One of our consistently highest-testing varieties, Dosipop is definitely more of a nighttime choice due to its overall potency. Some higher-tolerance users may be able to function normally, but for most, it's an invitation to the couch.
