LINEAGE:

Frozen Margy x Durban Poison
Sativa-dominant

TERPENES:

Terpinolene, Limonene, Myrcene

FLAVOR & AROMA:

Tangy and tropical with notes of sweet fuel

DESCRIPTION:

Durban Poison is one of the most enduring, famous, and loved Sativas on the planet, dating all the way back to the late 1970's when it was first brought to the U.S. from South Africa. It's known for its tangy tropical flavor with hints of licorice as well as its long-lasting effects.

Adding the incredibly frosty and potent Frozen Margy to the equation makes the Durban Margy a truly special hybrid. Users may expect a complex topical fruit-spice profile and a balanced effect which toes the line of energetic.
