LINEAGE:

Cherry Cookies x Krome's The White
Indica-dominant

TERPENES:

Myrcene, Limonene, β -Caryophyllene

FLAVOR & AROMA:

Gassy and earthy with a tinge of chocolate

DESCRIPTION:

Adding Krome's legendary The White to anything tends to improve its structure, frost, and potency. That is definitely the case here, where it blends with Cherry Cookies (GSC x Fire OG BX3) to create this rich, gassy, strain which leans slightly to the OG side of the equation.

Like many Cookies and OG types, this one tends to provide a mood uplift with a strong base of physical relaxation. Most users are able to continue with their activities, feeling just a little more relaxed and loose. A versatile choice, but still more of an evening recommendation overall.
