LINEAGE:

GG #4 x Platinum Kush

Indica-dominant

TERPENES:

β -Caryophyllene, Myrcene, Limonene

FLAVOR & AROMA:

Sweet and slightly spicy with wood

DESCRIPTION:

A heavier version of one of the industry's favorite strains, Platinum Gorilla has a rich, hashy, earthy, flavor with a hint of floral sweetness. Its flowers are a light, minty green and silvery with frost.

Thanks in part to its high content of β -Caryophyllene and Myrcene, the effect tends to be relaxing and sedative for most users. We find this one is best saved for the evening hours, clearing the path to a restful night's sleep.
