LINEAGE:

OG Kush x Blueberry

Indica-dominant

TERPENES:

Myrcene, β -Caryophyllene, α -Humulene

FLAVOR & AROMA:

Soft, sweet, floral berry with an earthy base

DESCRIPTION:

Blueberry is a special and beloved genetic line from legendary breeder DJ Short known for its supremely smooth and fruity fragrance and flavor with a balanced yet relaxing effect to match. DNA Genetics took this base and added some gas thanks to the classic OG Kush, which boosted the potency and frostiness.

The result, our hand-selected expression, takes most after the Blueberry side of the lineage, with just the right amount of OG kick. Blueberry Kush may provide a relaxing but fairly euphoric experience, getting more toward the sleepy end of the spectrum as the dose increases.
