LINEAGE:

GMO Cookies x Triangle Wookies

Indica-dominant

TERPENES:

Limonene, β -Caryophyllene α -Humulene

FLAVOR & AROMA:

Complex garlic and smoked cheese with a hint of fuel

DESCRIPTION:

One of the most popular clone-only plants of the last few years, GMO (Garlic Mushroom Onion) Cookies has a very unique acrid, culinary funk and world-class potency. To add heft and (possibly) even more potency and gassy flavors, we utilized our in-house Triangle Wookies as a running mate.

If gassy, high-potency cannabis is what you seek, this one won't leave you wanting. For most users, this is one of our most relaxing hybrids, definitely most suitable for unwinding in primarily evening use.
