

# JUNGLE PIE

Nighttime

## EVERY EXPLORER NEEDS A MAP

Introducing StrainFinder: A better way to find out what cannabis strain suits you.

Going beyond Indica, Sativa and Hybrid classification, StrainFinder pinpoints what strain is right for you. Backed by our own rigorous scientific analysis, industry data and consumer feedback, this tool guides every cannabis journey. Because finding cannabis just right for you, is important to us.

## LINEAGE:

Wedding Pie x Jungle Cake  
*Hybrid*

## TERPENES:

$\beta$ -Caryophyllene, Myrcene, Limonene

## FLAVOR & AROMA:

Fruity cereal milk, gas, and earth

## DESCRIPTION:

As its name suggests, Jungle Pie is a hybrid made famous by the Jungle Boys and combines Wedding Cake, Grape Pie, and a little WiFi OG sprinkled in for good measure.

The result is a creamy-yet-gassy aroma with notes of cereal milk and dense, frosty flowers. Its heavy beta-caryophyllene profile means this may generally be saved for evening use, but it does also tend to have a balanced mental effect that can come with an uplift of mood.
