## TERPENES:

Myrcene,  $\beta$ -Caryophyllene, Limonene

## FLAVOR & AROMA:

## DESCRIPTION:

Triangle Kush is a variety from Florida that is said to be the original OG Kush and is truly one of our favorite plants. By crossing the TK with our Highwayman x 9A95, we added some vigor and size to the amazing gassy-pine base.

This one is a clear choice for those looking for big, complex, slightly Kushy flowers. The potential effects tend to vary by dosage and seem to just get stronger and stronger as you go, generally providing a bell-ringing effect that serves to relax and "turn off".
