DESCRIPTION:

Strawberry Lemonade #23 is one of the true standout examples of this genetic. Its flowers are speckled with dashes of orange and have an almost golden appearance to the eye. The aroma is citrus-led with notes of soft berry, pine and the tiniest whiff of gas, making this a must-sniff experience and one of our more unique terp profiles overall.

We tend to enjoy this one first thing in the morning to help us wake up “on the right side of the bed”.
