LINEAGE:

Poison Potion x Lilac Poison
Sativa-dominant

TERPENES:

Terpinolene, Ocimene, Myrcene

FLAVOR & AROMA:

Sour, tangy, pine and lime with notes of floor cleaner

DESCRIPTION:

Pacha's Select brings us this very unique and terpene-rich varietal and we selected one with some truly mind-boggling numbers. Testing over 5% total terpenes at times, our Datura is an absolute terpinolene and ocimene bomb, delivering a tangy tropical citrus-pine quality in a way few modern hybrids can.

Our chosen plant is short in stature but produces massive, fluffy lime green flowers caked in an even layer of trichomes. You may expect an energetic and mind-expanding experience reminiscent of the most classic Sativas.
